

Hello again Eiffel!

How are you all?

This week I've been working and celebrating my birthday. I've enjoyed eating lots of cake and cheese and biscuits. I must make sure that I start eating healthily now my birthday is over though!

Thank you to those of you who have sent me an email this week – please do keep in touch. Mrs Cole and I love knowing what you're getting up to: it doesn't have to be school work, you are welcome to email us anything – from a picture of a cake you've made to letting me know what books you're enjoying. Just send an email to head@ferndale.swindon.sch.uk with our class name as the subject and Miss Horrobin will forward your message onto me.

In other news, Mrs Cole has been working hard on her online courses and has been learning more about helping children with maths. She's been a bit distracted though because this week she has a doggy visitor staying at her house (her daughter's dog). One day Mrs Cole had spent ages creating a beautiful bug hotel but the dog was scared of it so Mrs Cole had to dismantle it. The dog is also scared of garden chairs and washing drying on the line too- what a daft dog!

Here are this week's weekly tasks. Best of luck! Don't forget to email me with your work.

Maths:

1.)

Here are some games for you to have a go at online to revise telling the time from an analogue clock.

<https://gb.education.com/game/set-clock-5-minutes/>

<http://www.snappymaths.com/other/measuring/time/interactive/halfhours/oclockhpimm/oclockhpimm.htm>

<http://www.snappymaths.com/other/measuring/time/interactive/fiveminuteword/sint/fiveminwordsint.htm>

Now can you answer the following worded problems, using what you have learnt so far about time to help you? If you have an analogue clock in your house, you can use this to help you too.

If Miss Jones went to bed at 9 o'clock in the evening and got up at 7 o'clock in the morning, how many hours did she sleep for?

Mrs Cole read her magazine for 2 hours and finished at 6 o'clock, what time did she **start** reading?

Mrs Moxham put her cake in at half past 6 for 45 minutes- what time does the cake need to be taken out?

Miss Evans and Mrs Richmond went for a 2 hour run and **finished** at half past four. What time did they start their run?

Mrs Barrett decided that she would make some lunch for her dad. She started cooking at half past 4. The spaghetti pasta took 10 minutes to cook and the mince needed an extra 30 minutes. What time did she finish cooking?

2.) Let's start thinking digital time!

Where do you tend to see time in digital? Talk about this with someone at home.

Now have a look at this video ☺

<https://www.youtube.com/watch?v=ENOYemdWUO8>

You can find lots of activities on Twinkl to complete and help you with digital time.

<https://www.twinkl.co.uk/search>

Try this website - there are some great games too

https://mathsframe.co.uk/en/resources/category/23/measuring_and_time

3.) TIMES TABLE ROCKSTARS!

Don't forget to keep going on Timetables Rock Stars to revise those timetables! ☺

Here are some songs to help you learn your timetables:

English

For English, we want you to describe a character from your favourite book. Complete a plan sheet similar to the one below and then write a description all about your character. Don't forget - we want to see lots of adjectives and varied sentence openers.

Character Description:

How does your character feel?

Where does your character live?

My Character's Name

What does your character do?

What does your character look like?

Writers tip - try and collect words and phrases that you think are good character descriptions from your own reading book and use them in your writing.
