

Dear Amazon Class,

We are so excited about welcoming you all into Uluru class in September and can't wait to get started on our journey together as we explore a range of really exciting topics. Here is some more information about who will be teaching you next year...

Mrs Hulin (teacher Mon, Tues and Wed am)

Hello everyone!

My name is Mrs Hulin and I will be teaching you for the first half of the week. I love learning new things, travelling to different countries, jaffa cakes, bike rides and cats (especially ginger ones – I have two!)

I can't wait to get to know all of you next year and am really looking forward to all the learning we are going to do together! We have some wonderful topics planned for you and some exciting trips too.

Have a wonderful summer (fingers crossed for some sunshine) and I'll see you in September! ☺

Mrs Humphrey (teacher Wed pm, Thurs and Fri)

Hi everyone!

I am thrilled to be teaching you all in September, especially as there are a lot of you that I remember very well from when I taught you in year 4! I'm so looking forward to seeing you again, and I can't wait to get to know those of you that I'm yet to meet! I will be teaching you on Wednesday afternoon, Thursday and Friday and am really looking forward to getting stuck into our topic work.

I'm going to be spending my summer holidays reading, out running/walking with my lovely cocker spaniel Monty, and spending time with my family. I hope you have a fab time and come back ready and raring to go! ☺

Mrs Frost (TA)

Hello year 5! I'm very excited to be in Uluru with you. We have so many exciting things to look forward to. For those of you who do not know me I enjoy baking, walking, reading and Harry Potter! I'm hoping to watch all of the Harry Potter films over the summer holidays. I'll look forward to hearing about all your adventures and holidays when we start year 6 in September.

See you soon, Mrs Frost ☺

Here are just some of the wonderful things you can look forward to in year six:

- To start our journey together we go to the other side of the world, we learn all about our class theme: Australia and create inspiring Aboriginal art.
- 'Call of the wild topic'- we hone our skills and learn how to survive in the wild with a survival day, we read 'Explorer' story, make 'big cat' masks and learn all about Cheetahs, Turtles and evolution and inheritance. We also investigate how our bodies work and look closely at the heart.
- 'Myths and Magic'- we hope to go to the famous Warner Brother studios Harry Potter world, have a Harry Potter day where you get selected into houses by the sorting hat and we also make our very own wands and owls. We might even get to make our very own holograms! In addition, we learn about the Groovy Greeks and have a Greek day where we get to try different Greek food and explore all the amazing inventions and creations we can thank them for today.
- 'Thrill seekers'- this is our final topic where we complete our SATs, attend junior good citizen, go on a residential trip, rehearse and perform our end of year musical production and go on many adventures together!

It is going to be such a lot of fun teaching and learning with you all!

We hope you have a great summer! Don't forget to try and complete as much of the reading challenge as you can – you may not be going away very far this year, but there are so many wonderful worlds to escape to in a book! The possibilities are endless!

See you soon,

Mrs Hulin, Mrs Humphrey and Mrs Frost

☺
