

Hi Avebury and Uffington!

It is your last week of school!! To celebrate a fantastic first year at school, this week you have no maths and literacy lessons, instead we have given you fun activities! We would like you to look back on the year, think about next year and most of all celebrate your achievements!!

### Monday

Draw a picture of your perfect teacher. What do you want them to look like? What do you want them to be like? (e.g. kind, caring, fun)

### Tuesday

Talk about what your favourite part of the school year was. What activities did you enjoy? Was there a time that made you and your friends smile?

### Wednesday

Write a fact file about yourself to give your new teacher in September. You can draw a picture of yourself and tell them your age, favourite colour, favourite toys etc.

### Thursday

Design a new school uniform. Make it as colourful and creative as you can!

### Friday

Find your favourite songs and GoNoodles (adult supervision on Youtube) and have a party at home to celebrate your hard work this year!!

Remember, this week is a fun week just like we would have had in school. So make sure you play lots, maybe watch your favourite film or do some arts and crafts.

Stay safe and keep smiling, we are so proud of the little superstar you are!

From Miss Lanham, Miss O'Sullivan, Mrs Griffiths and Mrs Upton
