

Day 3 - Leaf Art

Watch 'Leaf man' <https://www.youtube.com/watch?v=Gw-OaWdTDTs>

Can you see the leaf man made from leaves below?

Here are some other animals. Can you guess what they are?

Today you will be making your own leaf creation - your own leaf man or lady. You will need wax crayons or blunt colouring pencils and some leaves (make sure that there are different sizes and that they are dry!)

Take a leaf (rough side up) and put a piece of paper over it. Using the side of a colouring pencil or a wax crayon, rub over the top of the leaf. (Make sure you hold the paper still!)

Make rubbings of different sized leaves and use different colours. Make lots of rubbings!

Now cut out your leaves and put them together to create a leaf man or lady!

Here is my leaf lady! I decided to give her wings and turn her into a fairy!
Can you see her wings, mouth, eyes, legs and arms? Do you like the colours I used?

(You could always draw the eyes and mouth on your character using a writing pencil.)

**Keep your leaf man or leaf lady as you will need them when we do our
English work next week!**
