

Day 2 – Geography (Fieldwork) What can I find out about my local area?

WALT: Use fieldwork to identify and record the main features of the local area.

In today's lesson, you will need to go on a walk around your local area, with an adult, to identify some of the features that you can find there. You can tick anything that you spot on the sheet below and then complete the sentences. Make sure that you really look carefully during the walk and talk with an adult the things that you find.

Scavenger Hunt #1

Explore and record the features of our local area.

Human Features

- ☐ Bus stop
- ☐ Post box
- ☐ Doctor's surgery
- ☐ Coffee shop
- ☐ House
