

This week, our PE lesson will be about movement using BBC Super Movers - learn English and maths as you move...

The screenshot shows the BBC Teach website interface. At the top, there is a navigation bar with the BBC logo, a 'Sign in' button, and a search bar. Below this is a dark blue header with the 'Teach' logo and navigation links for Home, Primary, Secondary, Skillswise, School Radio, Young Reporter, and Teacher Support. The main content area features a colorful background with geometric shapes and a 'SUPER MOVERS' logo. A circular Premier League logo is also visible. The page is titled 'KS2' and includes a breadcrumb trail 'BBC Teach > Super Movers'. Three featured content cards are displayed: 'Maths KS2' with a man saluting, 'KS2 English' with a woman in a unicorn hoodie, and 'Champions' with the Super Movers logo and the text 'Make your pupils Super Movers Champions!'.
