

Year 1 Week 2 Geography.

Question

What did you learn in Geography last week?

The story of Katie Morag who lives on the island of Struay, off the coast of Scotland.

What is an island?

An island is land totally surrounded by water.

What is the name of the island that Struay is based on?

The island of Coll.

Use the clip to watch the next story with Katie Morag and see what happens when the post arrives.

<https://www.youtube.com/watch?v=ORSXhAl8TW8>

Can you see any differences about the postal service on Katie's island of Struay?

Who was going to deliver the letters? (Katie).

Talk to your grown up or sibling and tell them how the postal service is different on Katie's island compared to ours on the mainland.

Make a list of the similarities and differences.

Similarities	Differences

Questions.

Does the Isle of Struay really exist?

What is the islands real name?

What country is the island next to: England or Scotland?

Activity.

Draw a picture of your street or area where you live.

Draw another picture of the island of Struay in the story.

Are there a lot of differences?

Think again of the postal service and how we get our mail in Swindon.

Draw a picture of how our mail is delivered in Swindon and then draw a picture of how Katie's mail and letters get to the island.
