

Week 5. Thursday. Phonics.

Let's take another look at the split digraph 'a-e'.

Can you remember that there are two other digraphs that sound the same but use different letters?

What are they?

That's right, 'ai' and 'ay'. Let's think of a word for each.

cave, (a-e)

rain, (ai)

day, (ay)

The three words use the same sound but the sounds are spelt differently.

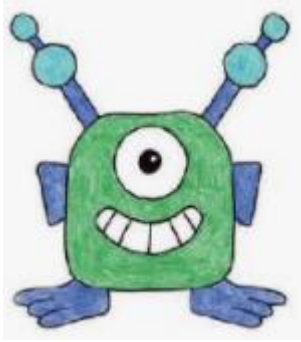

### Activity

Let's play Beegu (fake or alien) words 'v' real words!

Can you draw your own alien on one side of a piece of paper and on the other draw a picture of yourself? The alien will have all the fake words and the picture of yourself will have all the real words.

My example is below.

Beegu or fake words.

Real words.

Using the words from the box, put each word under the correct title of fake or real words. Don't forget to sound them out!

cave	loke	sape	take
made			lape
mape	vate	race	wave
game	slabe	pabe	snake
