

## Birds in Your Garden

There are many different types of bird that you might see in your garden. Here are a few of them:

### **Robin**

Robins are very easy to spot in your garden. They have a red breast and a brown head and back. They have long legs and a short tail. They live in one area to stop other robins living there. They eat insects, fruit, seeds and worms.

Questions.

1. Where might you see a bird?
2. What colour is a robin's head and back?
3. Name two things a robin eats.
